Email Collaboration Record:

On or about November 25, 2007, the SOTHA Board received from Eric Hansen an email application for placement of a shed.

I'd like to put up a shed about 2' away from the east side of my house on the existing pad. The drawings and dimensions are enclosed but it's 12x14' and 168 sq.ft. The siding will be lt. brown in color and the roof will match the grey comp shingles on the house. If you need more info please call 970-9xxxxxxx Eric

The application was circulated by email to the Board of Directors on November 26, 2007 and the following responses were received:
