Subject: Re: SOTHA - Board Meeting - October 4th, 7PM, 707 Shield-O Rd.

We will be gone but I wanted to follow up with you about the covenants. I know Emily mentioned our concern about the restrictions on guns in the neighborhood. Let me just say if we include that you are just inviting violations and enforcement will be difficult at best. I know several families who have guns for hunting, safety, and varmints. As you know our constitution gives us the right to bear arms and I question the legality of this restriction. I trust you and the board will consider removing this provision before submitting the covenants to the membership for a vote of affirmation. By the way, as you know, I fully support the update and improvement to our covenants.
