HOLY CROSS ENERGY
UNDERGROUND RIGHT-OF-WAY EASEMENT

KNOW ALL MEN BY THESE PRESENTS, that the undersigned,

SHIELD-O-TERRACES HOMEOWNERS ASSOCIATION, a not for profit Colorado corporation

(hereinafter called "Grantor"), for a good and valuable consideration, the receipt whereof is hereby acknowledged, does hereby grant unto Holy Cross Energy, a Colorado corporation whose post office address is P. O. Box 2150, Glenwood Springs, Colorado (hereinafter called "Grantee") and to its successors and assigns, the right of ingress and egress across easement of Grantor, situate in the County of Pitkin, State of Colorado, described as follows:

A parcel of land situate in Section 22, Township 9 South, Range 86 West of the 6th P.M., as recorded in Shield-O-Terrace Covenants by Reception No. 483213 in the records of the Pitkin County Clerk and Recorder's Office, Aspen, Colorado.

And, to construct, reconstruct, repair, change, enlarge, re-phase, operate, and maintain an underground electric transmission or distribution line, or both, with the underground vaults, conduit, fixtures and equipment used or useable in connection therewith, together with associated equipment required above ground, within the above mentioned lands, upon an easement described as follows:

An easement fifteen (15) feet in width on each side of the boundary line along the entire perimeter of each tract as described in paragraph 7 of the Amended and Restated Declaration of Protective Covenants and Restorations.

The rights herein granted specifically allow Grantee to install additional underground and/or pad-mounted facilities within the easement described herein.

It shall be the Grantor's responsibility to ensure that splice vaults, switchgear vaults and transformer vaults installed hereunder on said real property are accessible by Grantee's boom trucks and other necessary equipment and personnel at all times. The use of such access by Grantee shall not require removal or alteration of any improvements, landscaping, or other obstructions. The ground surface grade shall not be altered within ten (10) feet of said splice, switchgear and transformer vaults, nor along the power line route between the vaults. The ground surface grade at said transformer and switchgear vaults shall be six (6) inches below the top of the pad. The ground surface grade at said splice vaults shall be even with the top of the pad. The manhole opening of said splice vaults shall be uncovered (excluding snow) and accessible at all times. Improvements, landscaping or any other objects placed in the vicinity of said transformers and switchgear shall be located so as not to hinder complete opening of the equipment doors. The ground surface within ten (10) feet of said transformer and switchgear doors shall be flat, level and free of improvements, landscaping, and other obstructions. Improvements, landscaping and other objects will be kept a minimum of four (4) feet from non-opening sides and backs of said transformers and switchgear. Grantor hereby agrees to maintain the requirements of this paragraph and further agrees to correct any violations which may occur as soon as notified by Grantee. Said corrections will be made at the sole cost and expense of Grantor.

Together with the right to remove any and all trees, brush, vegetation and obstructions within said easement and the right to pile spoils outside said easement during construction and maintenance, when such is reasonably necessary for the implementation and use of the rights hereinabove granted. In areas where vegetation is disturbed by the above described use of the easement, the ground surface shall be seeded using a standard native mix by Grantee. Grantor agrees that landscaping or other surface improvements added on said easement after the date of execution hereof will be minimized and that Grantee will not be responsible for damage to said additional landscaping or surface improvements caused by exercise of its rights granted by this easement.

Grantor agrees that all facilities installed by Grantee on the above described lands, shall remain the property of Grantee, and shall be removable at the option of Grantee.

TO HAVE AND TO HOLD, said right-of-way and easement, together with all and singular, the rights and privileges appertaining thereto, unto Grantee, its successors and assigns, forever.

IN WITNESS WHEREOF, Grantor has caused these presents to be duly executed on this _____ day of _____, 20_____.

The individual signing this Holy Cross Energy Underground Right-of-Way Easement hereby represents that he/she has full power and authority to sign, execute, and deliver this instrument.

SHIELD-O-TERRACES HOMEOWNERS ASSOCIATION
